

## **Minimum Age Policy**

The minimum age that any entrants for assessments may take an examination or assessment in any IBSL qualification is 12 (twelve), although a Learner can commence a course before the age of 12 provided that the date of his or her assessment is after they attain the age of 12.

Entrants who are under the age of 16 at the time of any assessment involving an external assessor (or internal assessor if not the course teacher) should be accompanied into the assessment room by a responsible adult.
